Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 25 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Evening showers, then dry overnight. Patchy rain on Wednesday.

This Evening and Tonight:
During the evening, winds ease and showers gradually move southward and become lighter, with lengthy clear spells developing behind. Largely dry through the early hours, though cloud moves in from the north, and is followed by patchy rain around dawn. Minimum temperature 2 deg C (36 deg F).

Wednesday:
Cloud and outbreaks of rain spread south through morning. Sunny spells and scattered showers developing through afternoon, some heavy and possibly thundery. Turning drier and clearer during the evening. Maximum temperature 16 deg C (61 deg F).

Outlook for Thursday to Saturday:
Largely dry with sunny spells on Thursday, perhaps occasional showers. Mostly cloudy on Friday with light rain in northwestern areas. Light showers and sunny spells through Saturday. Becoming warmer.
